TLF Vision Tour

29 SEPTEMBER TO 11 OCTOBER

Building on the success of our October 2023 tour, we are now designing the TLF 2024 Vision Tour.

We are planning to go back to Copenhagen and Helsinki and are currently exploring options in Estonia, Sweden and Norway. Watch this space!

As we design this unique professional learning opportunity our focus is on:

- innovative spatial design
- alignment of pedagogy and wellbeing
- school culture and strategy
- teacher transformation.

“Apart from meeting with globally recognised educators and teams, travelling with passionate and curious colleagues was one of the most enriching professional learning experiences I have had - the Learning Futures study tour was worth every minute and worth every cent.”

Dr Sue Starling, Principal

“The Learning Future Tour ‘23 was the most impactful learning experience of my career. The schools we visited were led by wonderful school leaders who generously shared their time, challenges, innovations and successes. The people we were fortunate enough to meet on this learning journey inspired me and helped shape my thinking around the future of education and the important role I play in shaping the learning and the lives of the students, staff and families back in my school community.”

Mr David Hodges, Deputy Principal

2024

TLF Vision Tour

29 SEPTEMBER TO 11 OCTOBER

We will begin in the Scandinavian north and conclude by heading south to Barcelona, spending valuable time with our friend and colleague Dr Stephen Harris at Learnlife. Stephen's insight, knowledge and wisdom was a highlight of the 2023 tour.
